## Advance Care Planning

### *Dying Well: Your Wishes, Your Way*

Talking to your loved ones about your personal values and what matters most to you at the end of life can be hard. Yet, having the conversation now, while you are well and not in a crisis, will help ensure that those you love will know and can honor your wishes.

By attending an educational overview, you will learn what you can do now to make sure that your loved ones are well prepared to know *your wishes* so they can make sure that you are being treated *your way*. Legal, health care and faith perspectives will be discussed to help you with planning.

During the clinic sessions, certified facilitators, NOTARY and witnesses will be available at no charge to assist you with completion of your Health Care Power of Attorney and Living Will documents.

Note: **Photo ID is required for the completion of documents.**

**\*\*\*REMEMBER: If you've already completed your advance directives, and would like to have them scanned in to your health record, please arrive during the last hour of the presentation.**

Visit [VidantHealth.com/AdvanceCare](https://VidantHealth.com/AdvanceCare) for additional information
