No appointment is necessary.
 You will need a valid photo ID for completion of your documents

VIDANT HEALTH™

Advance Care Planning

Dying Well: Your Wishes, Your Way

Talking to your loved ones about your personal values and what matters most to you at the end of life can be hard. Yet, having the conversation now, while you are well and not in a crisis, will help ensure that those you love will know and can honor your wishes.

By attending an educational overview, you will learn what you can do now to make sure that your loved ones are well prepared to know *your wishes* so they can make sure that you are being treated *your way*. Legal, health care and faith perspectives will be discussed to help you with planning.

During the clinic sessions, certified facilitators and NOTARY will be available at no charge to assist you with completion of your Health Care Power of Attorney and Living Will documents. In addition participants may assist each other as witnesses.

Photo ID is required for the completion of documents.

***If you have already completed your advance directive and only need assistance to have them scanned in to your health record, please arrive 30 minutes BEFORE the presentation.**
