Overall Performance Distribution

--- ViziEnt Median: 61.68%

The following section provides the details behind the overall and domain scoring using the 2016 methodology. The top section provides the overall and domain scores/ranks. The subsequent sections break down each domain into the individual metrics. For each metric, the unit of measure, the metric performance and the score on the 8-point scale (in parentheses) are included. The Q&A Study Year refers to the year of Q&A ranking. Please refer to the 2016 Q&A methodology document available within the Report Express for specifics regarding the metrics, scoring methods, and data sources used.
