OVERVIEW
Vidant Health continues to monitor and prepare for COVID-19. This is a rapidly evolving situation and we will continue to provide updates as needed.

Resources
As a reminder, team members should visit MyVidant.org or VidantHealth.com/COVID-19 (Community/patient-facing information as well as team member-facing information) for the most up-to-date information related to Vidant’s response COVID-19, which includes frequently asked questions.

Active updates
March 16: Includes information about childcare, IS security, visitor restrictions and travel restrictions.
