

# Citrix Receiver Installation Instructions for Non-Vidant Workstations

Follow the directions below to download the Citrix Receiver for your appropriate device:

1. Click [here](#) if you are reading this on a computer screen, or move on to step a if you are reading a printout.
  - a. Open a Web Browser (Internet Explorer, Safari, Firefox, etc.) and in the address bar at the top delete everything that is there.
  - b. Type in **citrix.com/downloads.html** and hit enter or click the go arrow button.

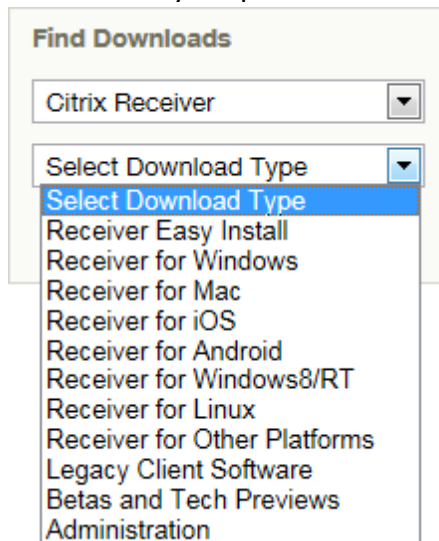

2. You should be presented with the page below.

A screenshot of the Citrix website's "Downloads" page. The top navigation bar includes "Solutions", "Products", "Downloads" (highlighted in green), "Buy", and "Support". Below the navigation is a "Find Downloads" search form with two dropdown menus: "Select Product" and "Select Download Type", and a "Find" button. To the right of the search form is a promotional banner for "Try Go" with the text "Collaborate anyone, anywhere. HD video" and a "Sign up for" button. Below the banner is a photograph of three people in a modern office setting. At the bottom of the page, there are two tabs: "Featured" and "Most Downloaded".

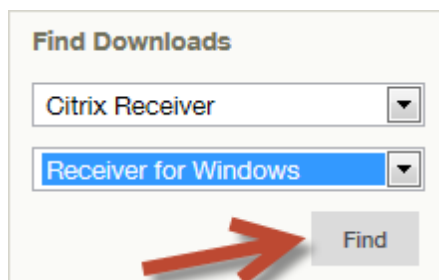

3. On the left hand side under the Downloads section, select the drop down arrow beside *Select Product* and select *Citrix Receiver*.

4. In the box below where you just selected *Citrix Receiver*, click the drop down arrow and select the receivers for your platform.

5. Then click the **Find** button.

6. Click on the link for your device, and you will be presented with the download page.

# Citrix Receiver

Receiver for Windows

7. At the bottom right hand side you should see a blue **Download** link. Click that link to download.

## Receiver for Windows 4.0

Release Date: Jun 26, 2013

Access Windows, Web, SaaS applications, virtual desktops, and data. Configure for anywhere access from your desktop or web access with Chrome, Internet Explorer or Firefox.

For Windows 8, Windows 7, XP, Vista, 2003, 2008, 2008R2, or ThinPC.

Review the Receiver for Windows 4.0 documentation.

*View the list of countries that may have export or import restrictions for products containing strong (128-bit or greater) encryption.*

Select Language Package:

**Receiver**  
Jun 26, 2013 | English, Spanish, French, Japanese, German

 [Download](#)  
File Size: 51.0 MB  
File Type: .exe

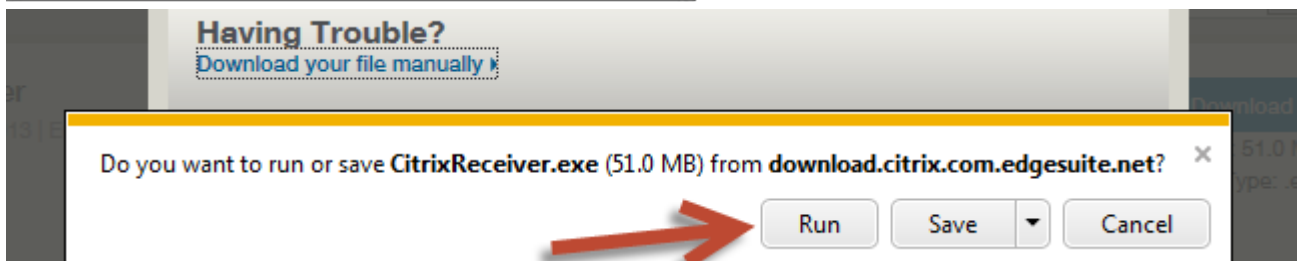

- 8. You will then see an End-User License Agreement page. Click *Yes, I accept* at the bottom left hand side.

- 9. You should then be presented with the Citrix Download Manager page. Click the link—**Download your file manually**—at the bottom left hand side of this page.

10. Depending on your browser and its version, you will be presented with some type of option to run or save the file.

11. Click *Run* and this will install the Citrix Receiver that you selected.

After you have installed the Citrix Receiver, you should now be able to go to [your Vidant Apps](#) page, *i.e.*, [myapps.vidanthealth.com](http://myapps.vidanthealth.com), and open Healthspan or the applications that you need for work.
